Loch Raven CLC Rehabilitation Addition Open To Patients

Therapy Suite

The new Loch Raven Community Living & Rehabilitation Center Therapy Addition opened to patients in January 2013. Located in Baltimore, MD, the new therapy addition includes Kinesiotherapy, Physical Therapy, Occupational Therapy, and Recreation Therapy services using Planetree® Principles. EBA’s design provides a contiguous therapy area which allows for convenient use by residents as well as outpatient guests. The center is designed to provide for optimum patient-oriented care. Among its features is the single loaded concourse which faces the courtyard on each of the patient levels.

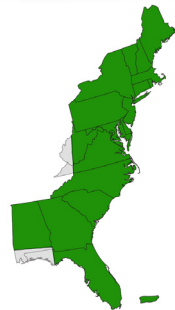

VAMC Martinsburg OEF-OIF Additions and Renovations

Initial Concept

EBA is currently engaged to provide A/E services for the VAMC Martinsburg Operation Enduring Freedom and Operation Iraqi Freedom (OEF-OIF) Clinic additions and renovations in Martinsburg, WV. The clinic serves the needs of OEF/OIF Veterans and features Planetree® concepts. EBA’s design will incorporate healthcare standards used to promote healing. The clinic will provide both group therapy and individual consulting.

VA Eastern Region IDIQ

Eastern Region Map

EBA has been selected for A/E Services Eastern Region Indefinite Delivery Indefinite Quantity (IDIQ) Contract for the Department of Veterans Affairs, Office of Construction & Facilities Management. Task orders will include facilities demolition, repairs, alterations, new construction, and will include design work for the Veterans Benefits Administration. The contract will be primarily for the Department of Veterans Affairs installations and activities in the eastern region however, out of region assignment are possible under this vehicle. This is EBA’s third national contract with the VA.

VAMC Martinsburg PM & R and Internet Café Addition

Concept Model

EBA has begun A/E Services for the VAMC Martinsburg PM & R and Internet Café Addition in Martinsburg, WV. The addition of an Internet Café will provide domiciliary residents with a healing and rehabilitation space which encourages self-care and independence. This addition will provide more space and organization for existing services, and allow for better PM & R patient services and techno-recreational activities.
